From The Management
Of The Agency, Ltd.

We have prepared this brochure to help you to book some of the finest quality entertainment available. You will find not only pictures of the bands but a short resume of the group plus a partial song list. We do this to aid you in selecting the right band for your occasion. Because of the increasing number of bands contacting our agency, we acquire new bands continually so periodically we will send you additional information concerning these new bands associated with our agency.

The Agency, Ltd. was established in 1972 and we are proud to present our most recent brochure to you. We have worked with high schools, colleges, area schools, clubs, ballrooms and civic organizations in the midwest area and we are confident we have the entertainment you need for your function.

Agency hours are from 8:30 a.m. to 5:30 p.m. Monday through Friday and from that time on our answering service will take the calls beyond these hours.

Throughout the year you will hear about the Showcase of Rock presented by The Agency, Ltd. We do this to present the talent in the agency and to give our accounts a chance to see the entertainment we offer for their functions. Ask about the Showcase . . . because there is a chance we may have one in your ballroom or school.

With the advent of more and more "rock and roll" bands, whose talent extends only as far as their loudness capabilities, good bands with music worthy of listening to as well as dancing to have become few and far between.

Harasy, according to Webster's, is an opinion contrary to popular beliefs. Just as the name implies this band is different.

The band consisting of seven people whose combined musical ex-

perience is nearly a half century and features 2 excellent horns and an outstanding female vocalist. They specialize in music from today's bands such as Chicago, Stevie Wonder, Average White Band and many others.

If you're planning a dance or party and won't settle for the ordinary, think Harasy.
